REPORT OF THE ADJUTANT GENERAL

MILITARY DEPARTMENT, STATE OF FLORIDA,
OFFICE OF THE ADJUTANT GENERAL.

State Arsenal, St. Augustine, Fla., December 31, 1917.

From: *J. B. Christian, The Adjutant General.*

To: *Hon. Sidney J. Catts, Governor of Florida.*

Subject: *Annual Report.*

Pursuant to the requirements of Section 734 of the Military Code of the State of Florida, the following report of the operations of this department during the calendar year 1917 is submitted:

UNORGANIZED MILITIA.

The estimated strength of the Reserve Militia of the State is 180,000.

THE ORGANIZED MILITIA.

The records of this department show the actual strength of the Organized Militia of Florida, plus the organizations now in the service of the United States, to be 3869 officers and enlisted men, divided as follows:

The National Guards

Commissioned officers—

Staff corps and departments.....	16
Line officers	120
Enlisted men	3,733

Aggregate	3,869
-----------------	-------

National Guard Reserve:

Commissioned officers	14
Enlisted men	28
Aggregate	42

Florida Naval Militia:

Commissioned officers	27
Enlisted men	456
Aggregate	483

NATIONAL GUARD.

The National Guard, at date of call into Federal service on August 5th, 1917, consisted of the prescribed staff corps and departments, two regiments of infantry, with detachments of sanitary troops attached, one field hospital company, and three companies of coast artillery. The permanent headquarters of the First Regiment of Infantry and Field Hospital Company was at Jacksonville. The headquarters of the Second Regiment of Infantry was at Wauchula. The first and third companies of coast artillery were organized and mustered into service at Tampa, and the second company of coast artillery at St. Petersburg.

NAVAL MILITIA.

There was great growth and development in the Florida Naval Militia during the year. This force, at the time of call into Federal service, consisted of two battalions of four divisions each. The headquarters of the First Battalion is at Key West, where the First (engineer) and Second (deck) Divisions are located. The Third (deck) Division is at Sarasota, and the Fourth (deck) Division at Miami.

The headquarters of the Second Battalion was at Jacksonville, as were the four divisions that compose it.

MUSTERED IN.

The following organizations have been mustered into the National Guard during the year:

Headquarter Company, First Infantry, at Jacksonville, May 20, 1917.

Supply Company, First Infantry, at St. Augustine, May 21, 1917.

Company B, First Infantry, at Tallahassee, May 29, 1917.

Company C, First Infantry, at Lake City, June 7, 1917.

Company E, First Infantry, at Live Oak, May 27, 1917.

Company G, First Infantry, at Marianna, May 18, 1917.

Company I, First Infantry, at Pensacola, May 16, 1917.

Company K, First Infantry, at Milton, May 17, 1917.

Company L, First Infantry, at Apalachicola, May 25, 1917.

Company M, First Infantry, at Millville, May 14, 1917.

Machine Gun Company, First Infantry, at Jacksonville, May 20, 1917.

First Company, Coast Artillery Corps, at Tampa, May 30, 1917.

Second Company, Coast Artillery Corps, at St. Petersburg, July 2, 1917.

Third Company, Coast Artillery Corps, at Tampa, July 26, 1917.

Fourth Company, Coast Artillery Corps, at Arcadia, November 20, 1917.

The following organizations have been mustered into the Naval Militia during the year:

Fourth (deck) Division, First Battalion, at Miami, April 20, 1917.

MUSTERED OUT.

The following organizations have been mustered out of the service during the year:

First (deck) Division, Florida Naval Militia, at Key West, May 24, 1917.

Second (engineer) Division, Florida Naval Militia, at Key West, May 24, 1917.

First, Second and Third Divisions, Florida Naval Militia, at Jacksonville, December 31, 1917.

ORGANIZATION.

The Florida National Guard was organized strictly in accordance with War Department regulations governing the National Guard, at the date of its call into the Federal service for war with Germany.

Enlisted men who had dependent relatives were ordered discharged prior to their organizations being called into Federal service. While this action, necessarily, reduced the enlisted strength of organizations, it undoubtedly increased their usefulness and value to the National Government.

The First Infantry was, just prior to its muster into the Federal service, practically re-organized and recruited at State expense by this office, eleven new organizations were formed, including headquarter company, supply company, and machine gun company. These organizations were consolidated into regimental formation, and with the addition of the then existing First Separate Battalion of Infantry, completed the regiment, thus allowing the State to furnish two complete regiments of infantry of National Guard troops for war with Germany.

EFFICIENCY.

It is gratifying to be able to report that the organizations, Second Infantry Regiment and Field Hospital Company, sent from this State for duty on the Mexican border, have been reported upon and spoken of in most complimentary terms by officers who have officially inspected them and by officers of the Regular establishment and other States who have had opportunity to observe these units. The general efficiency of all the troops of the National Guard of Florida is very good.

MOBILIZATION AND DEMOBILIZATION.

The Second Regiment of Infantry and Field Hospital Company, which were mobilized and mustered into Federal service in June, 1916, for duty on the Mexican border, were relieved from that duty and returned to their home State for the purpose of demobilization and muster out of Federal service during the month of March, 1917. Upon being mustered out the various organizations were returned to their respective home stations, resuming the status and duties pertaining to State troops.

On April 13, 1917, the First Separate Battalion of Infantry and detachment of sanitary troops were mobilized and mustered into Federal service, the several companies of this battalion were distributed throughout the State at various points where their services were considered most necessary for the guarding of bridges, railroad crossings, and public utilities of different kinds.

Upon the call into Federal service on August 5, this battalion was combined with other new companies that had recently been organized, and all were consolidated, forming the First Regiment Infantry and as such was taken into Federal service.

MOBILIZATION FOR CALL OR DRAFT INTO FEDERAL SERVICE.

Acting in accordance with the President's Proclama-

tion of July 3, 1917, calling or drafting all National Guard into Federal service, instructions were issued directing all organizations to assemble in their respective armories for final muster into the service of the United States on August 5, 1917.

The entire force of the National Guard of this State was taken into Federal service on August 5, 1917. The Coast Artillery, after being federalized, was mobilized at Fort Dade, Florida, for instructions. The First and Second Regiments of Infantry, with Sanitary Troops attached, and First Field Hospital Company were mobilized at Camp Wheeler, Georgia, for further preparation for active service.

The First Regiment of Infantry, after reaching Camp Wheeler, was disbanded; all officers and enlisted men were transferred, the personnel being used in the organization of new units of machine gun battalions, field artillery, and infantry, pursuant to the following order from the War Department:

HEADQUARTERS, THIRTY-FIRST DIVISION.

Camp Wheeler, Georgia, October 20, 1917.

REPORTS UPON ACTIVE DUTY PERFORMED BY
THE TROOPS IN AID OF THE CIVIL
AUTHORITIES.

SERVICE AT BRADENTOWN.

Company H, Second Florida Infantry,

United States National Guard,

Tampa, Fla., April 25, 1917.

From: *Capt. S. L. Lowry, Jr., Commanding Co. H., Sec-
ond Florida Infantry, N. G.*

To: *The Adjutant General.*

Subject: *Report Troops on Duty.*

1. At 12:45 p. m., April 21, 1917, telegraphic orders were received from Hon. Sidney J. Catts, Governor of Florida. The wire read as follows:

"Have received wire from Sheriff White, who says that there is danger of mob violence regard to negro prisoner of Manatee County now in Hillsborough County jail. Have troops ready for immediate action and hold yourself ready to obey Sheriff White in regard to protecting prisoner. Answer wire."

In compliance with the Governor's orders, a conference was held in the Sheriff's office and plans were made for guarding the jail in protecting the negro prisoner immediately. Instructions in writing were given to me by

Sheriff White as to what he wished to be done in protecting the prisoner and guarding the jail.

Cos. G and H were assembled at the Armory at 4:00 p. m. Members of Machine Gun Co. at this post also assembled. The troops were taken to the jail one-half hour before dark and distributed around jail in best manner to protect it. At 1:30 a. m. following morning a mob estimated at between 500 and 1,000 people approached the jail. The leaders were halted by the outpost. They seemed determined to use violence to carry out their purpose of securing the prisoner. The leaders finally realized the uselessness of the attempt to use force against the military, persuaded the mob to disburse. This they did at about 4:30 o'clock in the morning.

The troops handled themselves with great credit, soldierly bearing and steadiness. This did a great deal to show the mob it would be useless to cope with trained soldiers. The negro prisoner was sent to Jacksonville by train at 6:10 a. m. The troops were kept at the jail as a ruse until 10:00 a. m. same morning. At that time they were marched to the Armory and dismissed.

Report of expenditures will be forwarded with pay roll.

S. L. LOWRY, JR.,

Captain Second Florida Infantry.

Plant City, Fla., July 12, 1917.

From: C. O., *Second Battalion, Second Florida Infantry.*

To: *The Adjutant General, Fla. N. G., St. Augustine, Fla.*

Subject: *Active Duty in Aid of the Civil Authorities.*

1. In compliance with your telegram of July 3d, 1917, I immediately assumed command of Companies G and

H, Second Florida Infantry, and communicated with the commanding officer at Port Tampa by telephone, who advised me that, owing to a large number of raw recruits, he would be unable to assemble more than about one hundred and twenty (120) enlisted men at that post and that the civil authorities of Manatee County had requested a strength of at least two hundred (200) men, and had asked for machine guns.

I then called up Sheriff J. O. Gates of Manatee County and advised him of the strength of the two companies which had already received orders for this duty. The Sheriff requested a stronger force for duty at the jail, and that strength of one hundred (100) troops proceed to Jacksonville, procure the negro prisoner Willie Miles and escort him to the county jail at Bradentown, and that details of the movement had been worked out with Captain Lowry, post commander at Tampa.

On the morning of July 4th I proceeded to Tampa and found that Captain Lowry had arranged with the S. A. L. Ry. to operate a special train to haul one hundred (100) soldiers as a guard for the prisoner, and as the Governor had telegraphed the Sheriff of Hillsborough County to send Companies G and H for the prisoner and the civil authorities of Manatee County had requested a very strong guard, I did not feel that I would be justified in reducing the strength of the guard materially and orders were issued for Captain S. L. Lowry and four officers and one hundred enlisted men to proceed to Jacksonville and secure the prisoner. During this day I was advised by the Sheriff of Hillsborough County that another telegraph had been received from the Governor in which he directed the troops to comply with arrangements made by them with Sheriff Gates of Manatee County.

Lieutenant J. W. White having been detailed as Supply Officer for the command and having proceeded the

command to Bradentown to prepare for its arrival was keeping in touch with the civil authorities at that place. On the night of the 4th inst. Lieutenant White notified me by telephone that the proper authorities would expect, and had insisted on having, a force of at least two hundred soldiers, accordingly, and by authority of your telegram of the 3rd instant, orders were issued to Captain E. D. Vestel, commanding Co. E, Second Infantry, and Lieutenant J. B. Sinclair, commanding Machine Gun detachment at Tampa, to hold their organizations in readiness for this duty, and the Commanding Officer Machine Gun Company at Gainesville was requested to express two machine guns with ammunition to Plant City.

On July 5th special troop train, under command of Captain S. L. Lowry, left Tampa at 2:10 p. m. Arrived at Jacksonville at 8:15 p. m. Secured prisoner from Sheriff of Duval County and left Jacksonville at 9:15 p. m., arriving at Plant City at 2:30 a. m. July 6th, where the following troops joined the command:

Major V. B. Collins, commanding Machine Gun Detachment. One officer and 6 men.

Members of Companies G and H ——— 18 men.

Company E. Three officers and 39 men.

The journey was then resumed and the command arrived at Bradentown, without experiencing any trouble or delay, at 5:00 a. m., and the prisoner promptly delivered to the Sheriff and his receipt obtained.

Outposts and interior guards were immediately posted and the command went into camp at the jail. Every precaution was taken in carrying out the mission, and the duty was performed with the civil authorities in a thoroughly harmonious manner, as will be shown by the enclosed letter from the Sheriff, which forms a part of this report. While no hostile demonstrations occurred

it is generally conceded that only the show of strength prevented serious disorder.

2. TRANSPORTATION. The S. A. L. Ry. handled the entire movement. The service and equipment were very good. The following transportation was requested and tickets furnished:

- 23 passengers from Tampa to Plant City.
- 105 passengers from Tampa to Jacksonville.
- 3 passengers from Tampa to Bradentown.
- 106 passengers from Jacksonville to Bradentown.
- 67 passengers from Plant City to Bradentown.
- 1 passenger from Bradentown to Tampa and return.
- 1 passenger from Bradentown to St. Petersburg.
- 1 passenger from Bradentown to Dunedin.
- 42 passengers from Bradentown to Plant City.
- 132 passengers from Bradentown to Tampa.

3. SUBSISTENCE. Cooked meals were purchased from local restaurants at the rate of twenty-five cents per meal.

4. The prisoner having had a fair trial, condemned to death and duly executed, and as there was no further necessity for troops, the Sheriff relieved the command at 11:00 o'clock a. m. July 11th.

Entraining was completed at 1:45 p. m. and the several organizations returned to their home stations.

The entire command is indebted to Sheriff Gates and the other civil authorities for their efforts to furnish comfortable quarters, in installing ample shower baths, and for their very courteous treatment.

5. In moving a command of this size a number of small bills were necessarily contracted. Certified statements of articles purchased and services rendered are enclosed herewith.

Pay rolls are forwarded under separate cover.

Copies of orders and correspondence relating to this

movement are enclosed herewith and form part of this report.

6. The following strength return is submitted:

You will immediately communicate with Captain Low-
ry by telephone as to situation at Tampa and arrange
to go there and take command of troops as soon as need-
ed. You are also authorized to call out Company E of
Plant City and detachment of Machine Gun Company at
Tampa if in your judgment they are needed.

*Capt. S. L. Lowry,
Tampa, Fla.*

Dear Sir:

Referring to talk with you over 'phone relative to the negro, Will Miles, beg to say that the court desires and

directs that he be in Bradentown by 2 o'clock p. m. on Friday, July 6th, 1917. This will necessitate leaving Jacksonville on the night of July 5th, and coming via boat from St. Petersburg or Tampa, or all rail, and I leave it to you to determine route. I have advised the Governor and now repeat that two full companies of one hundred men each are desired. My original plan was to have one company escort the prisoner to St. Petersburg and the other company join there, but I agree with your suggestion that to come all rail is probably better and leave that and the matter of where troops shall join to you.

For your information I enclose Governor Catts' letter to me of June 27th, which is all I have received from him.

From your conversation I understand that it is not necessary for me to go to Jacksonville.

This is intended to give you full information and authority, but if further instructions are found necessary, advise me.

Very truly yours,

(Signed)

J. O. GATES,
Sheriff.

Bradentown, Fla., July 6, 1917.

Capt. S. L. Lowry, Jr.,
Second Florida Infantry.

I hereby acknowledge receipt of negro prisoner, Willie Miles, said prisoner brought from Jacksonville, Florida, to Bradentown, Florida, and delivered to me by Capt. S. L. Lowry, J.

J. O. GATES,
Sheriff of Manatee County.

Bradentown, Fla., July 10, 1917.

*Major V. B. Collins,
Bradentown, Fla.*

My Dear Sir:

After five days' service of the National Guards in Manatee County in aid of the civil authorities, and now that you are about to depart, I wish to express to you, and through you to Capt. S. L. Lowry, of Tampa, and Capt. E. D. Vestel, of Plant City, and Capt. H. R. Horsey, of Tampa, and to their subordinate officers and enlisted men, each one of them my very high appreciation of the efficient service you have rendered and of the uniform gentlemanly conduct of your guardsmen while in our county.

I have neither known nor heard of a single act of misbehavior, and our people uniformly speak in the highest terms of yourself, your officers and men.

Yours very truly,

(Signed)

J. O. GATES,
Sheriff Manatee County, Florida.

REPORT UPON ACTIVE DUTY PERFORMED BY

OF THE CIVIL AUTHORITIES.

SERVICE AT MADISON.

*Battalion Headquarters,
Duval County Guards,
Jacksonville, Fla., October 15, 1917.*

From: *John L. Doggett, Major Commanding Duval County Guards.*

To: *Hon. J. B. Christian, The Adjutant General, St. Augustine, Florida.*

Subject: *Formal Report of the Public Duty Performed at Madison, Florida.*

(1). I am attaching hereto, for transmission to the

Governor of Florida, my formal report on the tour of the Provisional Battalion of Duval County Guards to Madison, Florida, and return. You will find also attached an accurate and complete roster of the officers and men who performed this duty. I am also enclosing you copies for your files. In the next few days I will forward to you complete payrolls and expense accounts of this movement, properly vouchered.

Respectfully submitted,

J. L. DOGGETT,
Major Commanding Duval County Guards.

*Battalion Headquarters,
Duval County Guards,
Jacksonville, Fla., October 13th, 1917.*

From: John L. Doggett, Major Commanding Duval County Guards.

To: His Excellency, Hon. Sidney J. Catts, Governor of Florida.

Subject: Formal Report of the Public Duty Performed in Madison, Florida.

(1). Pursuant to your order under date of October 5th, 1917, and your amendment thereof by wire to me under date of October 5th, 1917, I did forthwith order the Battalion of Duval County Guards to assemble in the Armory in the city of Jacksonville, Duval County, Florida, at which time I explained to the men the nature and character of the order that I had received from you, as well as the underlying authority which the Supreme Court of Florida, in their advisory opinion, declared you had in the premises. I did then, largely for the purpose

of ascertaining what men could with the least sacrifice become part of and make up the one hundred and fifty men necessary to take to Madison, call for volunteers from the Battalion, explaining at the same time that the balance, if any there might be, necessary to make up the battalion, would be selected by lot, and that each company, in proportion to the number of enlisted men, would furnish their proportion to make up a provisional battalion that would do duty in Madison, and this was the manner in which the enlisted men were finally enrolled as members of the Provisional Battalion for duty in Madison, Florida. The Company Commanders were selected in accordance with their seniority, as were, in a majority of cases, the balance of the company officers. My staff accompanied me as well, with the exception of two, and as to these two, I filled the vacancies in an appropriate way.

(2). TRANSPORTATION. I immediately also had a meeting with the officials of the Passenger Department of the Seaboard Air Line Railway (that being the most direct route to Madison), at which time Adjutant General Christian was present in Jacksonville, and full and complete arrangements were then made for the transporting of the men to Madison and the return, it being agreed that four sleepers and one baggage coach would be necessary to transport the men, and as I deemed it wise not to have any accurate information conveyed in relation to the place or time of departure, I did privately arrange with the transportation officers that this train would meet my command at 9 p. m. at the corner of Twelfth and Main Streets in the city of Jacksonville, at which time I would want to entrain my men.

(3). ISSUING ARMS AND AMMUNITION: Before the issuing of arms, I did cause the Acting Quartermaster on my Staff to proceed to Madison, Florida, and make arrangements for the quartering and subsistence of the men while

on duty at Madison. On the afternoon and evening of Sunday, October 7th, 1917, arms were issued to the men, with injunction to the company commanders to, as soon as possible, familiarize the men with the use of these arms, and, on Sunday night, a sufficient number of rounds of solid shot ammunition were issued to each enlisted man, and for the Automatic Colt Pistols with which the officers were equipped.

(4). According to the arrangements and plans, the Provisional Battalion, as constituted in the manner above described, left the Armory under my command, with baggage and 5,000 rounds of extra ammunition, at 8:15 p. m., with also two of the defendants, Messrs. Tolar and Mobley, who reported to me there, and we did arrive at Main and Twelfth Streets, the point where it was arranged for us to take the train at 8:45 p. m., the time of the departure of the train, as previously agreed on, being 9 o'clock. This train did not arrive until 9:10 p. m., at which time the members of the Battalion were immediately entrained, and at which time the other defendant, Barton, reported to me. Adjutant General Christian, at my request, also accompanied me on this train, in an advisory capacity, to Madison, Florida.

(5). PROTECTION OF JUDGE HORNE: As your order included the protection of Judge Horne, and also that he be allowed to proceed with me on this special train, by telephone communication previously arranged with him, our train arrived at Lake City at 11 o'clock, and he boarded the train at that point and was assigned comfortable quarters with The Adjutant General and the Major.

(6). ARRIVAL AT MADISON: The train arrived at Madison at 1:15 a. m., and my command left the train at 6:45 a. m., Monday, October 8th, 1917, and, with baggage and ammunition in the custody of the Battalion, and with the Judge and the three defendants under our protection,

marched to the quarters that had been previously arranged for them at the Merchants Hotel in the town of Madison. Upon arrival there, the men were given breakfast, guard-mount immediately was executed, and, at 10 o'clock I reported in the court-room of Madison County, with my Battalion and three defendants, to the Sheriff of Madison County. The court thereupon opened, and after preliminary steps had been taken in relation to the indictments pending against these men, they were placed on trial.

(7). ARRANGEMENTS FOR PROTECTION: I do not deem it necessary or proper, in a formal report of this kind, to go into minute details of the precautionary measures that were taken in relation to protecting the Judge and defendants in and out of court-room from collective and open violence, as well as individual and secret violence. Sufficient is it to say, they were at all times adequate and that at no moment, night or day, were either of the defendants without adequate, sufficient and ample guard and protection against violence or physical injury of any kind or character, or from any source, in so far as the same seemed possible.

(8). DEPARTMENT OF MEN AND EXECUTION OF ORDERS: The men who composed this Battalion understood thoroughly the duty they had to perform. They were composed of the business and professional men of Duval County, and they came from every walk in life, but they were, all of them, men of responsibility and substance in the affairs of this State. I can only report to you, in praise of their obedience to and execution of orders, the remarkable esprit de corps that pervaded them and the intense interest they took in the performance of their duties. They created a most healthful and helpful atmosphere among the people in Madison County, as is more particularly shown by the letter that was handed me upon leaving, from the Mayor of Madison, copy of which is hereto attached.

(9). ROUTINE WORK: The men were employed from time to time in the different departments of this organization such as the line, commissary, quartermaster and guard duty, both in and out of the court-room, from morning until night, and, entering heartily into the spirit of the duties they had to perform, they seemed to be anxious at all times to be busy not only learning, but explaining to others whom they thought did not know, and the time was spent during the working hours by every man keeping himself busy in the performance of military duty. The defendants marched to and from the court house under the guard of the whole Battalion, sixty-five men being carefully placed in the court-room to effectuate order and protection, and the balance of eighty-five men being carefully posted on the outside of the court house to accomplish as well the duty to be performed.

(10). On Friday morning, October 12th, 1917, a mistrial having been declared and the jury having been discharged by the Court, I was notified by the Court that no further trials of these men would be had at that term of Court, and that their presence was no longer needed at that term of Court. I, therefore, entrained my men on the special train that by a previous arrangement had arrived, and, at 9:20 a. m., October 12th, 1917, left Madison for Jacksonville, making only one stop en route, and arrived in Jacksonville at 1 p. m. on Friday, October 12th, with the three defendants, in the union depot at Jacksonville, at which time and place a deputy sheriff of Madison County being present, I did turn over the three defendants to him, and immediately took my command to the Armory of Duval County, where they were dismissed.

(11). EXPENSE: The expense of this trip will be forwarded through The Adjutant General as soon as all reports are in and properly vouchered, as provided by law.

In all of my arrangements concerning this, I have had the co-operation and advice of The Adjutant General.

(12). In conclusion, permit me to say that I am particularly grateful to The Adjutant General of the State, who, in advisory capacity, was at all times with me from the time I left Jacksonville until I returned, for his able and earnest co-operation in the duties to be performed by command, and I desire further to say that, in my opinion, the men of my command returned to Jacksonville in splendid health and spirits, each feeling that he had done his duty, as a citizen of Florida, as best he could. I, therefore, sent you a wire, upon arriving at the depot, which I now confirm:

"Defendants have returned safely to Jacksonville. Your orders have been executed. Detailed report later."

I am attaching hereto a roster of the Provisional Battalion who executed your orders, in relation to the tour to Madison and return.

Respectfully submitted,

J. L. DOGGETT,

Major Commanding Duval County Guards.

Major John L. Doggett,

Madison, Florida.

Sir:

On behalf of the citizens of the town of Madison, Fla., I wish to congratulate you as commander of and the officers and men composing Duval County Guards upon the splendid discipline and demeanor of the entire command while in our midst. The conduct of this body has been gentlemanly in every respect, and in keeping with what should be expected of good soldiers.

The town expresses its appreciation, and assures you of the friendship of its citizens.

Very respectfully,

CRUISES OF NAVAL MILITIA

REPORTS ON SUMMER CRUISES OF 1917

HEADQUARTERS FIRST BATTALION,

*Florida Naval Militia,**Key West, Fla., March 26, 1917.*From: *Commanding Officer, 1st Bn., F. N. M.*To: *The Adjutant General, N. G. F.*Subject: *Tour of Duty of First Battalion, Florida Naval Militia, Key West, from March 16 to 25th inclusive.*Reference: *Adj. General let. February 28, 1917.*

1. I have the honor to make the following report on the cruise of the First Deck and First Engineer's division, First Battalion, Florida Naval Militia, pursuant to General Order No. 1, of March 10, 1917.

2. The following number of officers and men participated in this tour of duty:

10 Officers.

9 Chief petty officers.

45 Men.

3. Upon receipt of General Order No. 1, I instructed the Executive Officer of the battalion to compile a routine for each of the ten days. The enclosed daily routine was compiled, which is self-explanatory. This tour of duty, as I expected, was of extreme value to both officers and men, and this battalion is in much better condition to meet emergencies than heretofore. The battalion stands ready to mobilize on short notice. The routine appended was carried out very closely, and is similar to the regular routine of a ship's company on board ship while in port. It is regretted that the Inspector-Instructor was not present during this tour of duty, as he was called away from the city on important business.

4. Owing to the inability to secure the necessary

mess-gear without paying excessive price for same, necessary arrangements were made at the Hotel Jefferson dining room to furnish meals for the battalion during this tour of duty. Cooks and mess attendants were furnished from the battalion, and the scheme worked out nicely.

5. The men responded splendidly and took great interest in the work, and the battalion showed marked improvement at the end of the cruise; although somewhat handicapped in not having the requisite boats for drill purposes, it is to be hoped that this battalion may have better means of drilling the men on the water in the near future.

6. This tour being the first of its kind was, in certain ways, an experiment, but as the work was carried out so successfully it is recommended that a similar cruise be granted at least once a year.

GEORGE B. GRAHAM.

The following routine will be adhered to as closely as possible, weather permitting, during the tour of duty:

Friday, March 16—Men of the First Deck and Engineer's division, and Staff, report at Armory 8:00 a. m., sharp:

GENERAL ORDERS

STATE OF FLORIDA.

GENERAL HEADQUARTERS, NATIONAL GUARD OF FLORIDA,

Tallahassee, January 22, 1917.

GENERAL ORDERS,

No. 1.

Under authority of appointment by the Governor, dated January 10, 1917, the undersigned has this day assumed the duties of the office of The Adjutant General of Florida.

J. B. CHRISTIAN,
*The Adjutant General,
Chief of Staff.*

STATE OF FLORIDA.

GENERAL HEADQUARTERS, NATIONAL GUARD OF FLORIDA,

Tallahassee, January 29, 1917.

GENERAL ORDERS,

No. 2.

1. The following paragraphs of the regulations governing enlistments in the National Guard of Florida, as published in General Order No. 17, series of 1916, from these headquarters, are amended to read as follows:

"Par. 86. In preparing the enlistment papers care will be taken to ascertain the exact name of the recruit, the Christian name will not be abbreviated, but if it consists of more than one name, only the first will be written and signed in full, the others being represented by their initials. As these papers form a part of the permanent records of the War Department, and of the Military Department of the State, it is important that they be neatly and correctly prepared.

"86a. Two copies of the enlistment paper will be made, and they will be carefully compared by the recruiting officer who will see that the entries thereon exactly agree in every detail.

"86b. Neither enlistments nor re-enlistments will in any case be antedated.

"87. The two enlistment papers having been duly executed, the duplicate will be forwarded by first mail to the Adjutant

General. The original with the Report of Physical Examination, Form No. 10, will be retained for file with the records of the organization, where they should be carefully preserved and be available at all times for examination by inspectors, or for reference in the preparation of muster and pay rolls."

2. The following named officer of the National Guard of Florida has been discharged the service of the State because of expiration of term of commission:

QUARTERMASTER CORPS.

Captain Aubrey George Sawyer; December 14, 1916.

3. The following named officer has been discharged the service of the United States and the State of Florida, under provisions of Sec. 77, of an Act of Congress approved June 3, 1916:

SECOND INFANTRY.

Second Lieutenant Egbert E. Lusk; December 21, 1916.

4. Resignations of the following named officers have been accepted and they have been honorably discharged the service of the United States and of the State of Florida:

SECOND INFANTRY.

Second Lieutenant William J. Delaney; December 1, 1916.

Second Lieutenant William J. Steed; December 22, 1916.

MEDICAL RESERVE CORPS.

First Lieutenant John W. Alsobrook; January 10, 1917.

SUPERNUMERARY LIST.

Second Lieutenant William E. Arnold; January 29, 1917.

BY COMMAND OF THE GOVERNOR:

J. B. CHRISTIAN,
*The Adjutant General,
Chief of Staff.*

STATE OF FLORIDA.

GENERAL HEADQUARTERS, NATIONAL GUARD OF FLORIDA,

Tallahassee, January 31, 1917.

GENERAL ORDERS,
No. 3.

The following regulations governing the accounting for Federal property issued to the National Guard have been prescribed by the Secretary of War and are published for the information and guidance of all concerned:

REGULATIONS GOVERNING THE ACCOUNTING FOR FEDERAL PROPERTY.

1. To avoid in future the difficulty encountered at the recent mobilization in transferring property from State to Federal Government, the following instructions for accounting for Federal property in each State, Territory, and the District of Columbia will be followed, effective immediately.

(a) The property and disbursing officer of each State will make returns to the Militia Bureau for all property issued to the State by the Federal Government.

(b) The supply officer of each regiment, or separate organization including ambulance companies and field hospitals, in a State, will make returns to the property and disbursing officer of that State for all Federal property, except medical property, in possession of the organization.

(c) Organization commanders and individual officers of an organization will sign memorandum receipts to the supply officer for all Federal property for which they are responsible. Each officer in the State, not attached to an organization, will draw property from a supply officer or the property and disbursing officer, giving a memorandum receipt therefor.

(d) Medical officers will make returns to the property and disbursing officer for all medical supplies in their possession; they will hold all other classes of property on memorandum receipt from the supply officer of the organization to which they are attached.

(e) The property of each department must be carried and accounted for separately.

(f) The following is a list of forms to be used in accounting for property:

By the property and disbursing officer:

Ordnance Department.

No. 18—Return.
No. 19—Expend.
No. 146—Inv. and Rec.
No. 152—Inv. and Rec.

Medical Department.

No. 17 }
No. 17a } Return.
No. 17b }
No. 17c }
No. 28—Inv. and Rec.

Quartermaster Corps

No. 200—Property Account.
No. 201—Inv. and Rec.
No. 210—Take up.
No. 203—Expend.

Engineer Corps.

No. 13c }
No. 13d } Return.
No. 13f }
No. 35—Inv. and Rec.

War Department.

No. 325—Auction Sale.

Militia Bureau.

No. 16c }
No. 16b } Survey.
No. 16a }
No. 16 }

By the supply officer: Same as for the property and disbursing officer except medical department blanks.

By the organization commander or individual officer: Memorandum receipt.

By the medical officer: Memorandum receipt, and the following forms:

<i>Medical Department.</i>		<i>Militia Bureau.</i>	
No. 17	} Return.	No. 15	} Survey.
No. 17a			
No. 17b			
No. 17c			
No. 28—Inv. and Rec			

(g) Printed instructions on the various forms will be followed as far as practicable, except that *returns* for the property of each bureau will be kept in duplicate on the proper blanks, the duplicate copy being retained, the original being sent in with one copy of each voucher at stated periods.

(h) Returns will be submitted by the property and disbursing officer for quartermaster and engineer property on June 30 and December 31 of each year; for ordnance, signal, and medical property on March 31 and September 30 of each year.

(i) Each State officer accountable for property will submit a return to the property and disbursing officer, as follows: For quartermaster and engineer property on May 31 and November 30 of each year; for ordnance, signal, and medical property on February 28 and August 31 of each year.

(j) Any vouchers authorizing the expenditure or dropping of supplies from returns, will be furnished in triplicate to the supply officer, who will hold one copy with his retained return, sending two copies with his return to the property and disbursing officer, who will in turn retain one copy and send the other in to the Militia Bureau with his return.

2. In carrying out these regulations the services of officers and enlisted men of the Quartermaster Corps and the supply company of each organization should be utilized in making returns for, and keeping records of Federal property. The work on property accounting may properly be credited as drill for these officers and enlisted men.

3. The system prescribed here is similar to that used in the Regular Army, so that when ordered into Federal service there will be no change in the accounting for property by organization commanders. The supply officer will simply transfer his accounting from the State property and disbursing officer to the proper bureau of the War Department as soon as his regiment or organization is mustered into the Federal service.

4. A supply of blank forms enumerated in paragraph 1 (f) may be obtained by requisition in the usual manner.

By direction of the Secretary of War:

WM. A. MANN,
Brigadier General, General Staff.

The following correspondence which has been had with the War Department, and the decision of the Secretary of War relative to the above, is published for the information and guidance of all concerned:

St. Augustine, Fla., January 22, 1917.

From: Capt. G. M. Holley, Inf., Inspector-Instructor.

To: Chief, Militia Bureau.

Subject: Tentative Regulations governing the Accounting for Federal Property issued to the National Guard.

1. Referring to circular letter from your office dated January 12, 1917—MB 353.54—regarding the above subject, information is requested with regard to the following:

(a) The only National Guard troops of this State not in Federal service consists of 1st Sep. Bn. Infantry, and sanitary detachment. As the organization does not include a supply officer or an extra officer for this purpose, who would be the supply officer as contemplated by paragraph 1 (b and c) of your letter?

(b) The regulations do not seem to be clear as to the medical supply officer who would be accountable to the U. S. Property and Disbursing Officer for the medical property issued to companies (1 hand litter and slings). It is presumed, of course, that it would be the medical officer attached to the command, but I believe that this point should be made entirely clear.

G. M. HOLLEY.

1ST INDT.

War Dept., Militia Bureau, Jan. 26, 1917.—To Captain G. M. Holley, Infy., Inspector-Instructor, St. Augustine, Fla.

The foregoing questions are answered as follows:

(a) An officer of the battalion should be detailed by the battalion commander for duty as supply officer.

(b) The medical officer attached to the command is the officer accountable for medical property.

By direction of the Secretary of War:

WM. A. MANN,

Brig. Gen., G. S., Chief of Bureau,

By J. McI. CARTER,

Colonel, Cavalry.

In compliance with the above, the commanding officer of the First (Separate) Battalion will immediately detail an officer of his command for duty as supply officer.

BY COMMAND OF THE GOVERNOR:

J. B. CHRISTIAN,

The Adjutant General,

Chief of Staff.

STATE OF FLORIDA.

STATE OF FLORIDA,

GENERAL HEADQUARTERS, NATIONAL GUARD OF FLORIDA,

*Tallahassee, March 27, 1917.*GENERAL ORDERS,
No. 5.

1. The following Circular from the Militia Bureau is published for the information and guidance of all concerned:

[Cir. 13]

Circular }
No. 13. {
WAR DEPARTMENT,
MILITIA BUREAU,
Washington, February 13, 1917.

1. Detached platoons are authorized for lettered infantry companies under the conditions set forth below:

(a) When, in the judgment of the adjutant general of a State, the minimum strength of a lettered infantry company can not be maintained in a town, due to local conditions, such company may be divided into platoons, one or more of which may be stationed separately, provided there are proper armory facilities for each detached platoon. The action of an adjutant general in forming a detached platoon will be promptly reported to the chief of the Militia Bureau, giving the location of the platoon and showing that the provisions of this circular have been carried out.

(b) The minimum strength of a detached platoon shall be as follows:

First or second lieutenant	1
Sergeant	1
Corporals	4
Privates, first class	9
Privates	19

Total enlisted men 33

(c) A detached platoon in excess of the minimum strength should have its proportion of authorized corporals.

(d) One cook and one bugler may be stationed with a detached platoon.

(e) It is to be noted that the minimum for profitable instruction is a platoon of four squads.

2. When there are one or more detached platoons, the part of the company at the company station shall not be allowed to fall below the following minimum strength:

Captain	1
First sergeant	1
Mess sergeant	1
Supply sergeant	1
Sergeants	3
Corporals	4
Cook (when one is with a detached platoon)	1
Mechanic	1
Bugler (when one is with a detached platoon)	1
Privates, first class	10
Privates	18

Total enlisted men 41

3. In no case can there be more than 1 first sergeant, 1 mess sergeant, 1 supply sergeant, 6 sergeants, 11 corporals, 2 cooks, 2 buglers, and 1 mechanic, in any one lettered infantry company of an enlisted strength of 100 or less.

When the division into platoons causes an increase of the enlisted strength above 100 in a company, application for authority for such increase should be made to the Militia Bureau in each case. (See paragraph 3, Circular No. 31, Militia Bureau, 1916.)

4. Machine-gun, headquarters, and supply companies are not authorized to maintain separate platoons. They are governed by the provision of circular letter, Militia Bureau, January 13, 1917 (M. B. 35354).

5. The drills of a detached platoon will be recorded in triplicate on Forms 100 and 100 (a), Militia Bureau, by the officer commanding the platoon, who will forward the reports to the company commander. The latter will attach one copy of the platoon's report to each of his triplicate records of monthly attendance at drills.

6. There will be one pay roll in triplicate for a lettered infantry company, which has one or more detached platoons, on which the names and accounts of the officers and enlisted men of the entire company will be entered (see Circular No. 4, Militia Bureau, 1917).

7. The arms, uniforms, and equipment of a platoon stationed separately will be held on memorandum receipt, which the lieutenant in command of the platoon will sign and furnish to the company commander.

[M. B. 322053]

By direction of the Secretary of War:

WM. A. MANN,
Brigadier General, General Staff,
Chief, Militia Bureau.

2. Commissions have been issued the following named officers and they have been assigned to duty as follows:
